When the Men Were Gone by Marjorie Herrera Lewis
Great WWII story without the WWII. Sandra's favorite. About women and football, the book showed a great appreciation for women in the 40s.

The Proposal by Jasmine Guillory
A cute romance with a lovely meet-cute. Light, fun, airy, and joyful.

The Dollhouse by Fiona Davis
Great to compare life in the 1950's with the present and what women deal with in today's society.

Winter in Paradise by Elin Hildebrand
A fun Hildebrand--an easy, relaxing read. Nice not to be set in Nantucket. While slightly reminiscent of the Banker's Wife, it was totally enjoyable.
